

SANUF

PINEAPPLE

PAPAYA

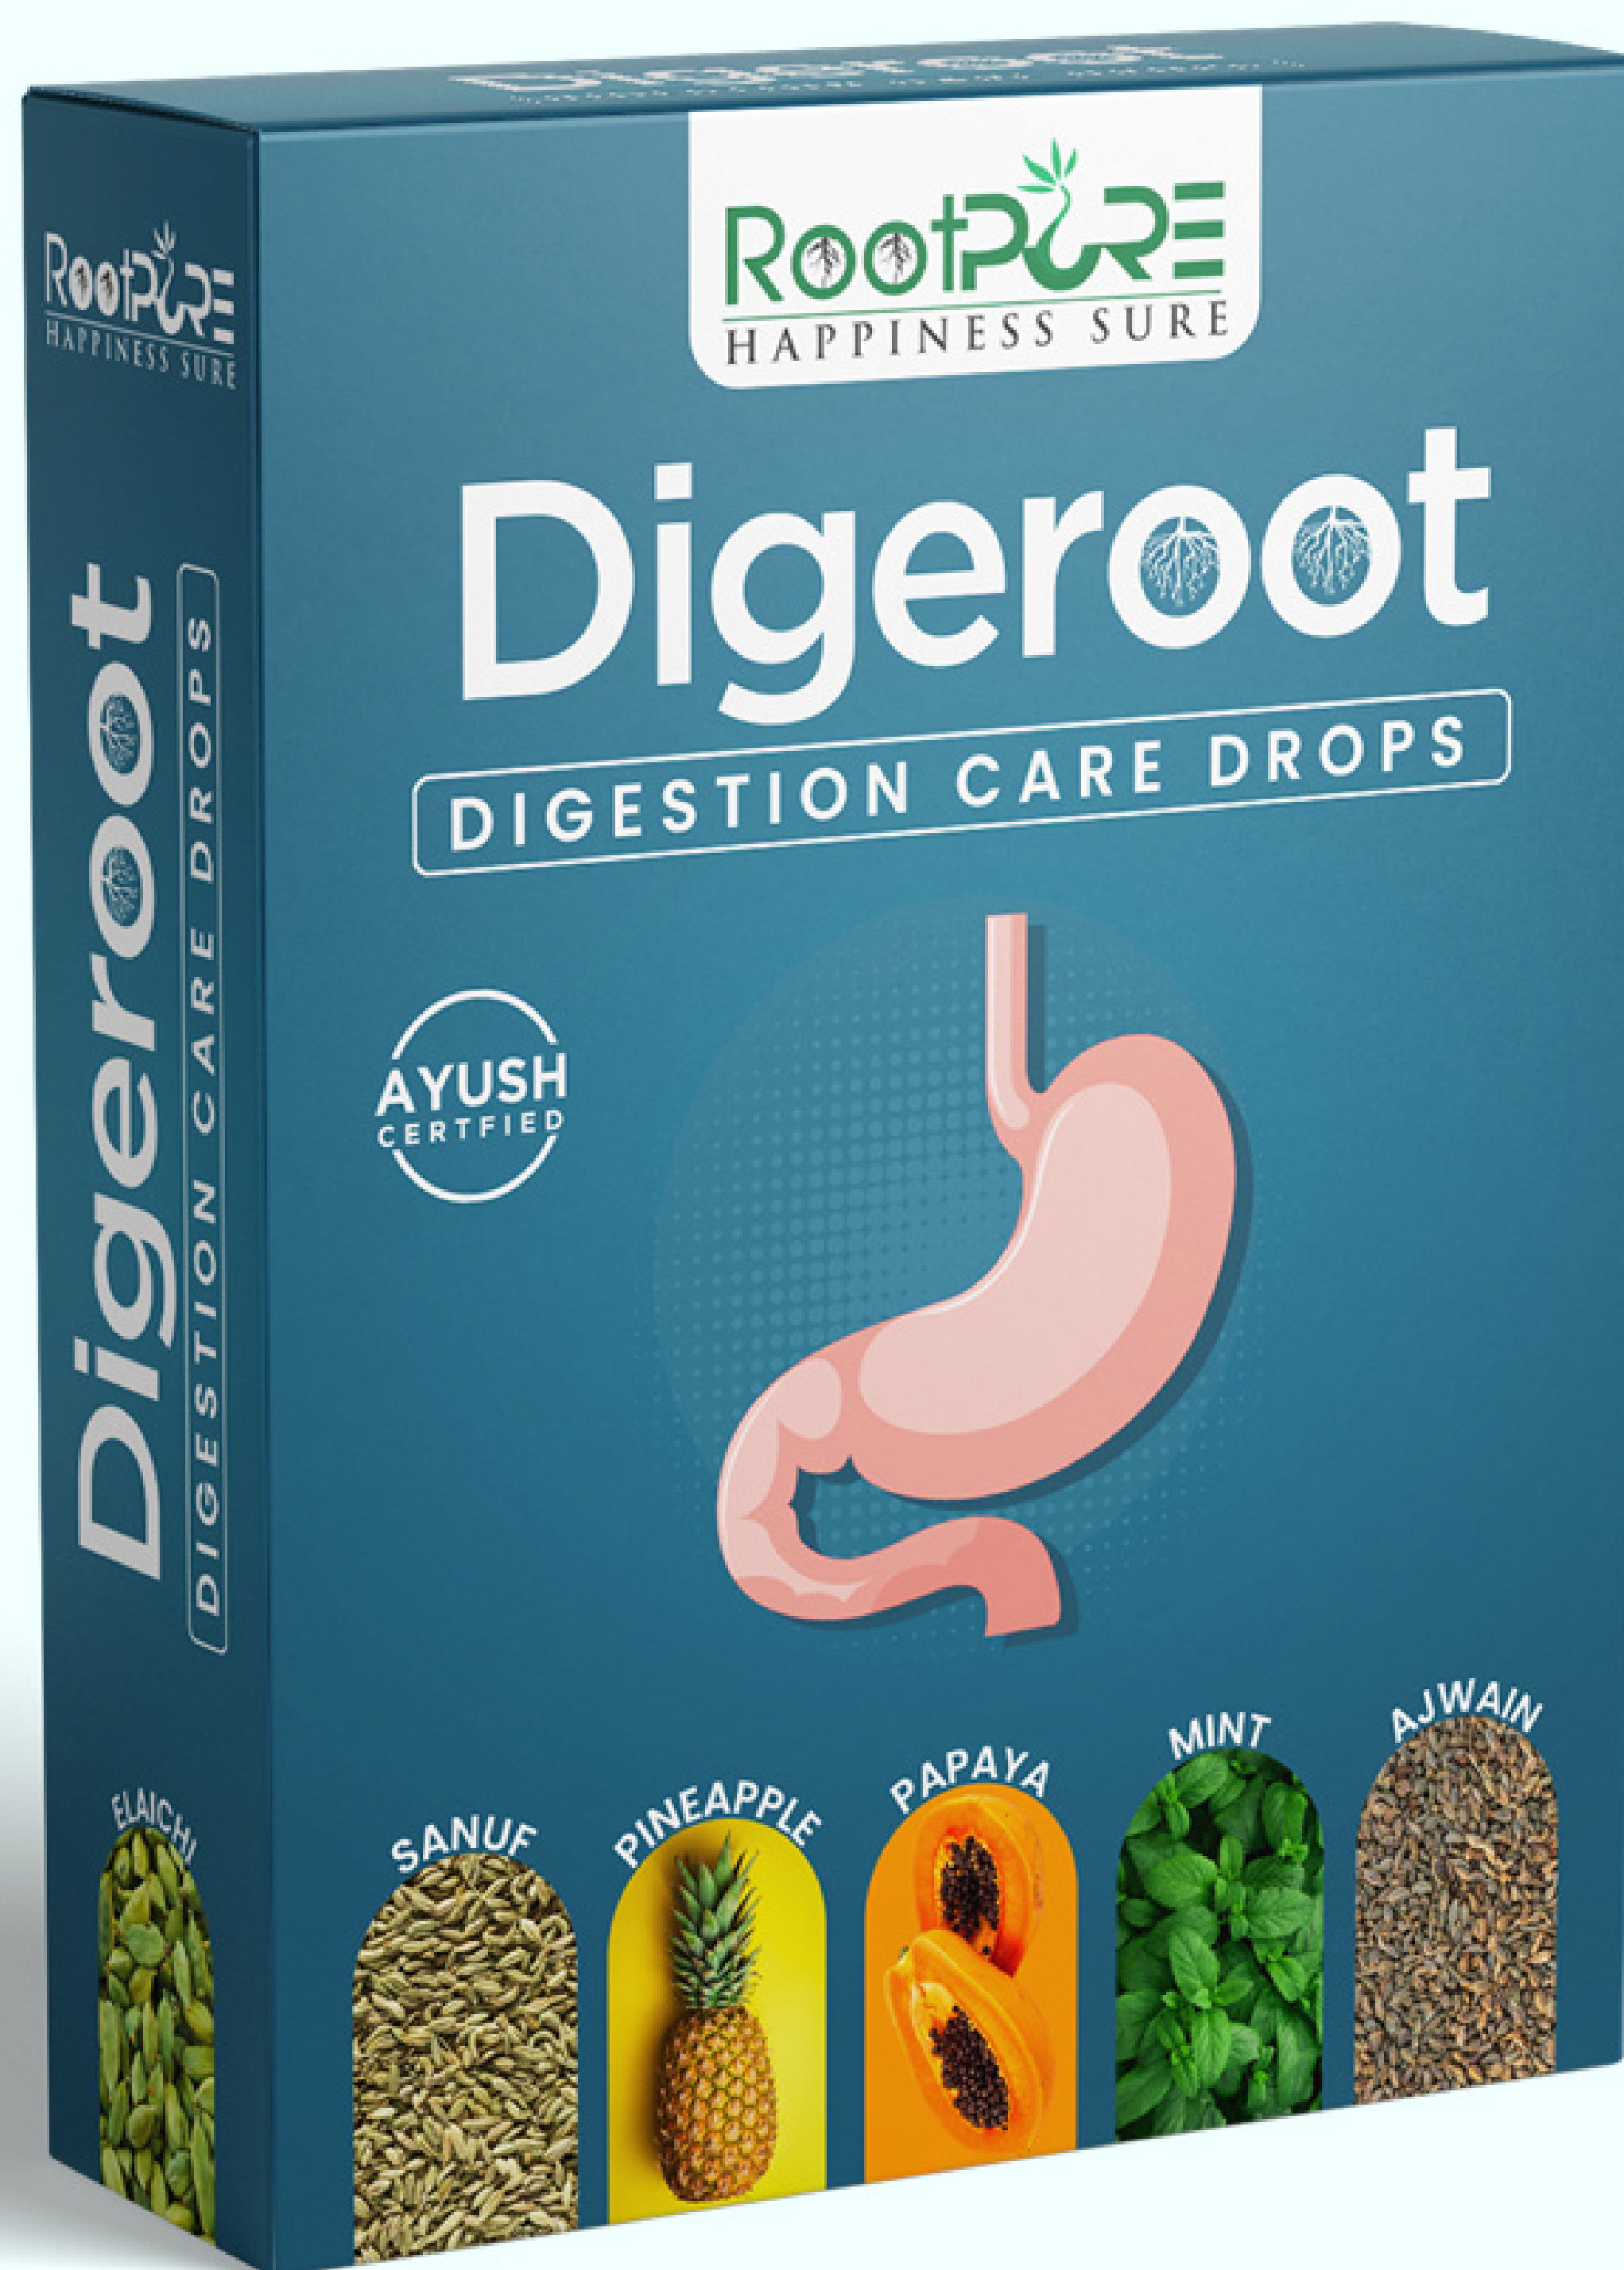

MINT

AJWAIN

Ingredients

Ajwain (Carom Seeds) : Ajwain is known for its carminative properties, which means it can help relieve gas.

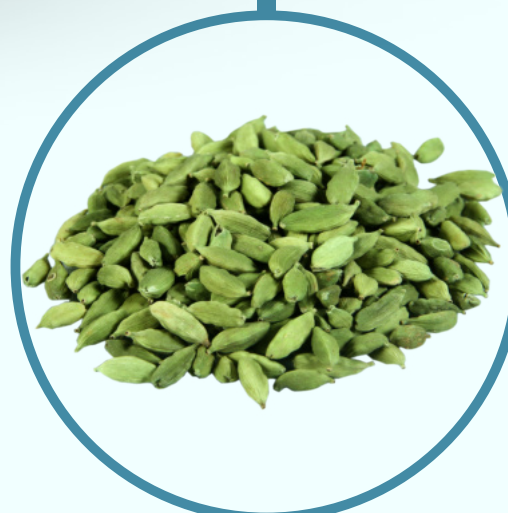

Menthol : Menthol, often found in peppermint, can relax the muscles of the gastrointestinal tract.

Pudina : Mint has antispasmodic properties that can ease stomach cramps and discomfort. It also stimulates bile production, aiding in the digestion of fats.

Saunf : Saunf is a well-known digestive aid. It can help relieve indigestion, bloating, and constipation.

Elaichi : Elaichi can enhance the secretion of digestive enzymes, improving the overall digestion process. It also has carminative properties that help alleviate gas.

Ingredients

Camphor : Camphor is used in very small amounts for digestive issues. It can stimulate the secretion of gastric juices and enzymes, aiding digestion.

Pineapple : Pineapple contains bromelain, an enzyme that breaks down proteins and aids in digestion.

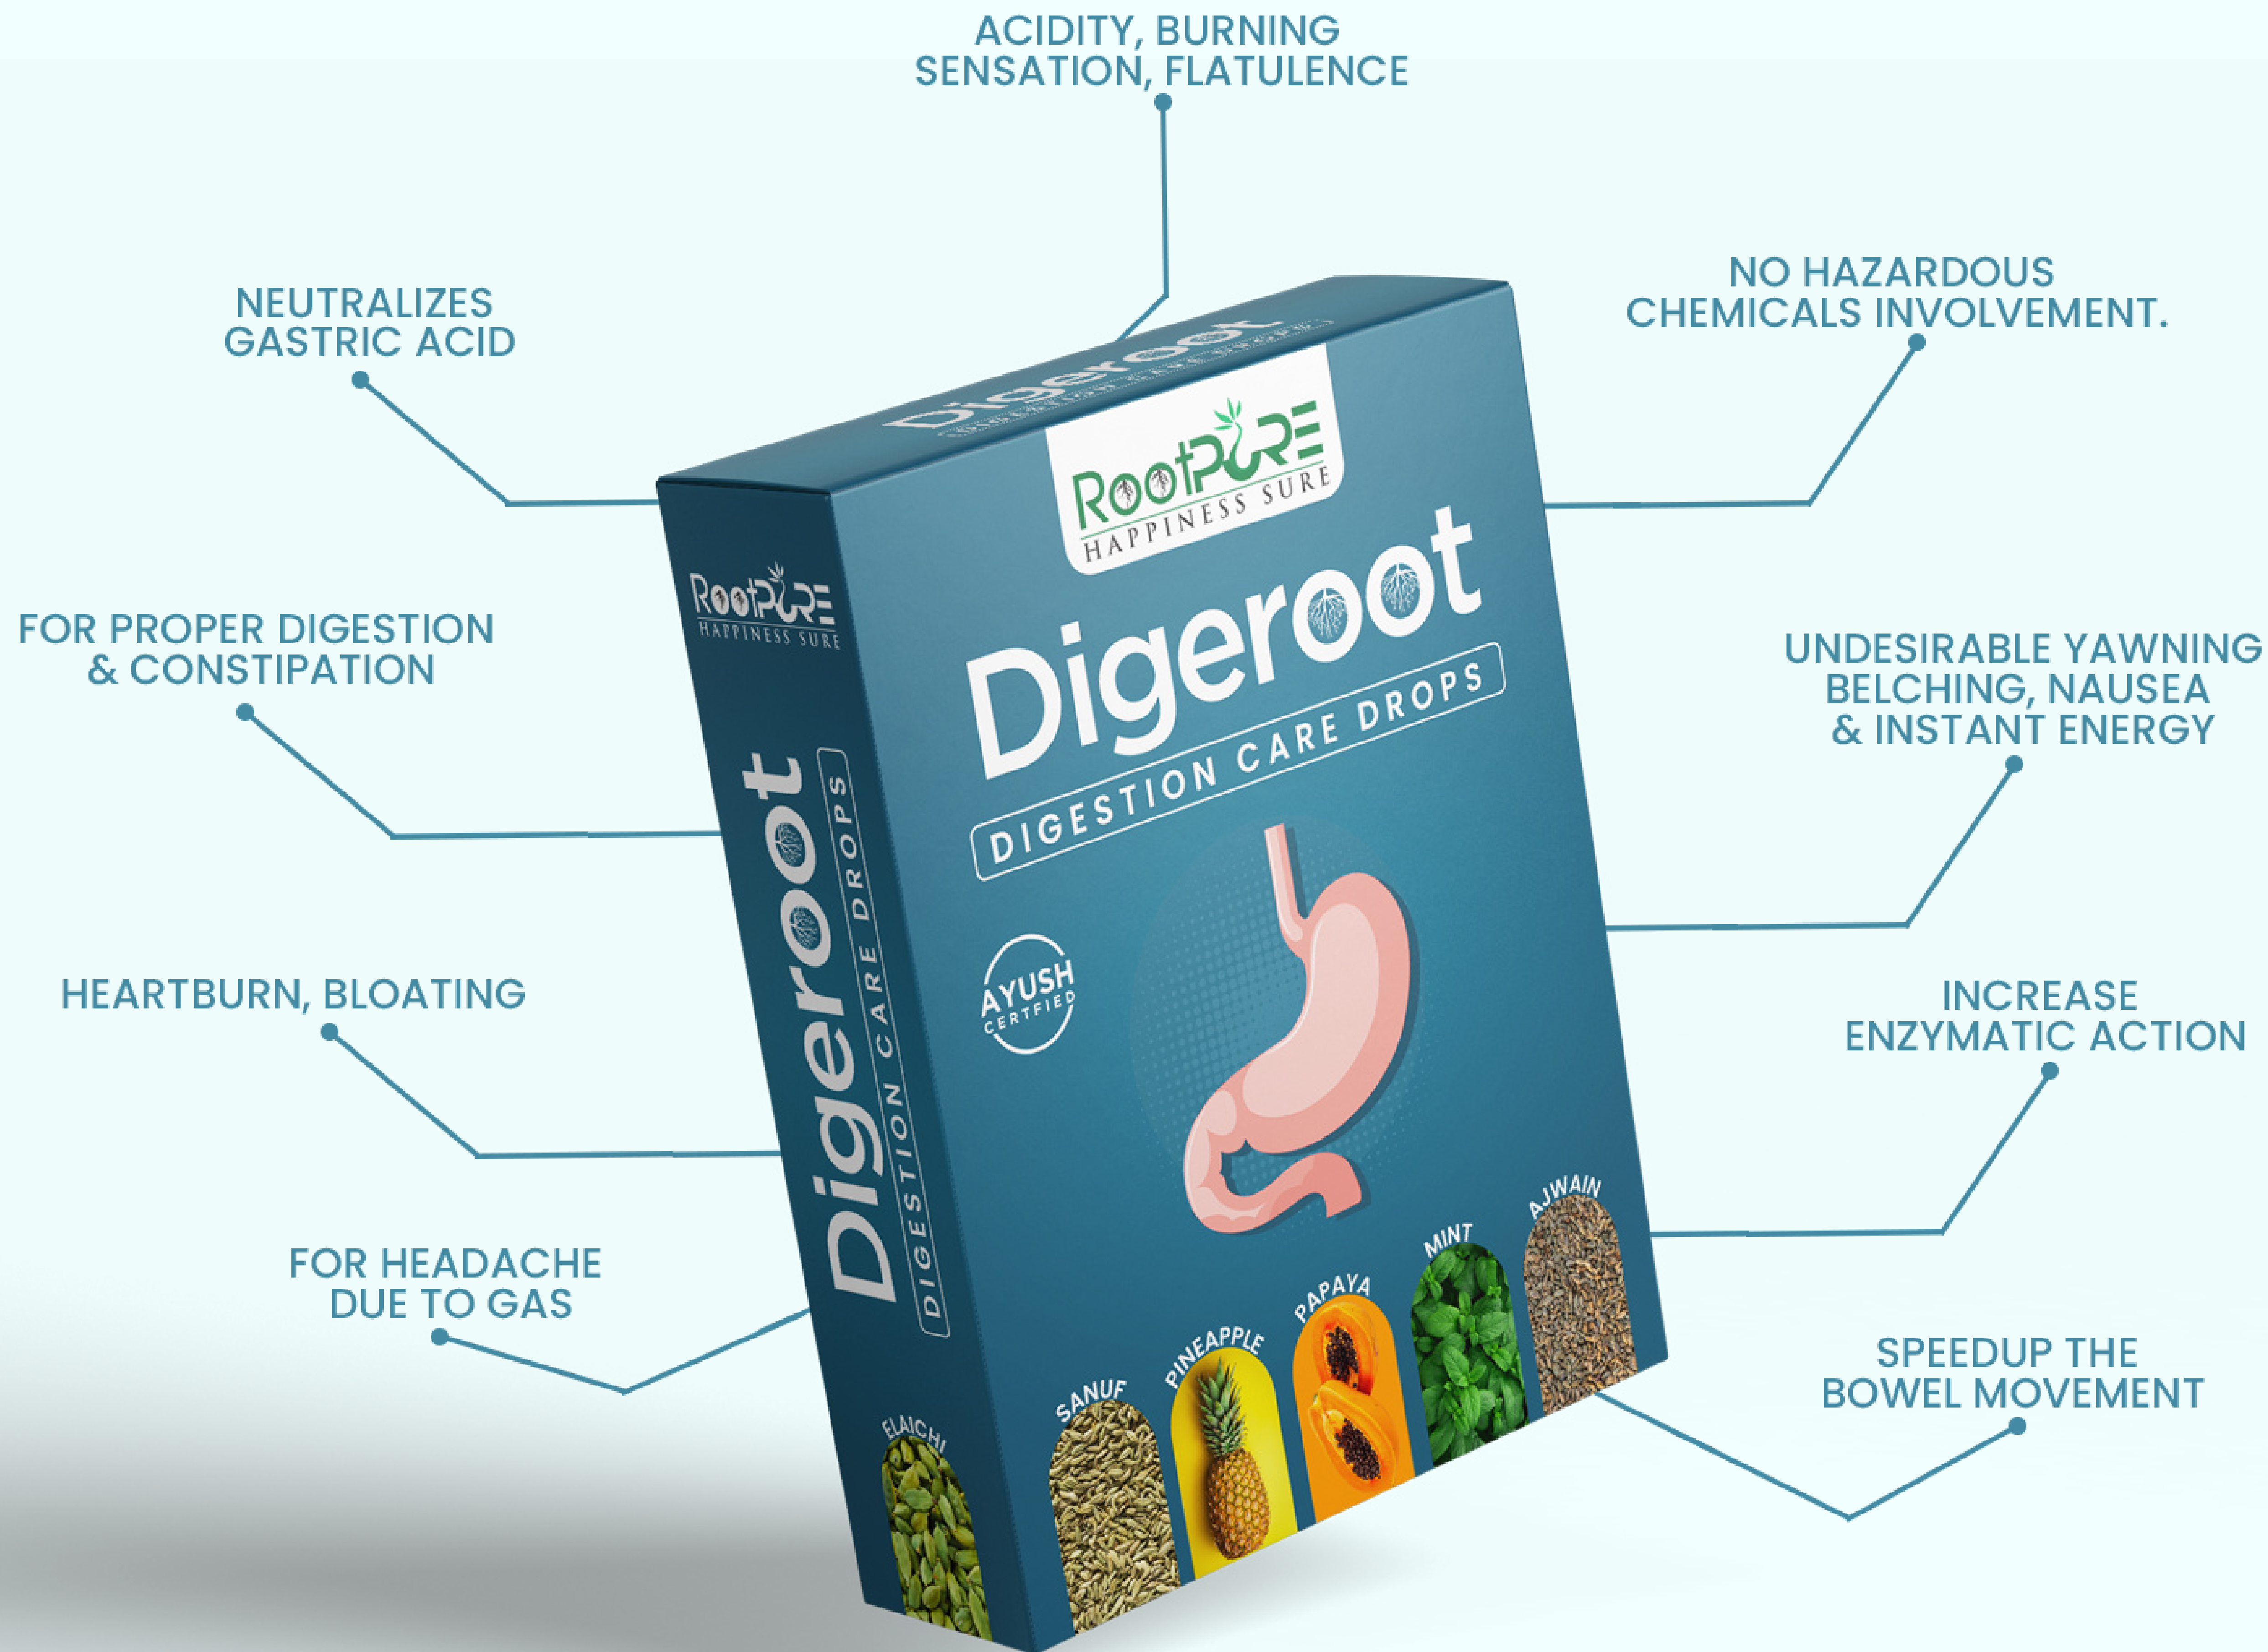

Mulethi : Mulethi has anti-inflammatory properties that can soothe the digestive tract. It's also used for relieving acid reflux and heartburn.

Bal Harad : Bal harad is believed to promote healthy digestion by improving appetite, reducing gas.

Papaya : Papaya contains papain, an enzyme that assists in breaking down proteins.
